\$750 includes performance, Q&A, Classroom resource and music you can use year-round. Some special subsidies are available for schools in York and Simcoe.

Straight On Till Morning

It's the end of the school year: summer's just around the corner, and Riley K. is all set to shine in the starring role of her school's production of *Peter Pan*. But right when Riley should be taking flight, she finds herself feeling lower and lower. Turning to her phone, social media and other screens to escape her feelings, she discovers avoiding them only pulls her further down. *Straight On Till Morning* is the story of one preteen girl's journey with depression and what it means to search for the light in the darkness.

The ground-breaking *One Deep Breath* series was developed with the assistance of The Ontario Trillium Foundation and a team of mental health professionals. Created by Juno award-winning composers, Judy & David Gershon, and by Canadian director and playwright, Ali Joy Richardson, the program includes an unforgettable in-school performance and excellent teacher resource materials to extend the learning through the year.

Created with the generous assistance of

An agency of the Government of Ontario
Un organisme du gouvernement de l'Ontario
